

# Cheryl J. Hung

A **confident technical executive**, with experience ranging from early stage startup to global consumer facing corporation.

I have both depth as a software engineer **building globally distributed systems**, and breadth overseeing **execution of multidisciplinary distributed teams**. I am particularly strong in **written and spoken communication**, and have presented at many technical meetups and conferences in Europe and North America.

I am the Cloud Native Computing Foundation Ambassador for London, listed in "35 people in container tech you should be following" and shortlisted as a Future Star of Tech 2018.

 2017 - current London	<b>Product and DevOps manager</b>  I (and my team) make StorageOS users successful. <ul style="list-style-type: none"><li>• Understanding user needs, prioritization, road map and metrics and setting company and team objectives (OKRs)</li><li>• Producing content for sales and marketing, and writing technical documentation</li><li>• Recruitment and line management of DevOps engineers who build, automate, test and release StorageOS</li><li>• Community outreach and end user support</li></ul>
 2013 - 2015 New York  2010 - 2013 London	<b>Technical program manager</b>  Sole program manager driving execution and delivery on a distributed Google Maps team of 35 software engineers, with a further 15 product managers, UX designers, test engineers.  <b>Software engineer</b>  C++ engineer on Google Maps backend systems, powering location services, search and ranking infrastructure. Technical lead for Zagat data ingestion.
 <b>Detica</b> 2010 London	<b>Technical consultant, e-Borders</b>  Provided data mining services to the UK Border Agency to understand the patterns of air, sea and rail passenger movement entering and leaving the United Kingdom. Part of the £742 million security systems program led by Raytheon.

Internships 2006-7 **Web developer and technical writer**, University of Cambridge  
**User experience intern**, Redgate Software

## Community and public speaking

I founded and run the Cloud Native London meetup, which has 2000 members and 200-300 monthly attendees. I speak regularly on storage, cloud and containers; slides and videos are available at [oicheryl.com](http://oicheryl.com).

2018	<b>Container Days, Hamburg</b> <b>Red Hat Summit, San Francisco</b> <b>Cloud Expo Europe</b> , co-presenting a workshop with Rancher <b>Day of Cloud Native, Oslo</b> , workshop <b>HashiCasts</b> , podcast with Hashicorp <b>The Great Container Debate</b> , moderator <b>Virtual Strategy Magazine</b> , interview <b>CNCF Paris meetup</b> <b>The New Stack</b> , published article
2017	<b>KubeCon / CloudNativeCon North America 2018</b> , featured session <b>Kubernetes London meetup</b> <b>Microservices Conference</b> <b>ContainerSched Conference</b> <b>CloudNative Conference</b> <b>London Microservices User Group meetup</b>

## Education

 UNIVERSITY OF CAMBRIDGE 2013 Masters	<b>University of Cambridge (King's College), Masters in Computer Science</b> <i><u>Gesture-controlled Robotics using the Vicon Motion Capture System</u></i>
2006 - 2010 Bachelors	<b>Undergraduate research associate in Department of Human-Computer Interaction</b> , University of Cambridge Computer Lab
 1999 - 2006	<b>Forest Girls' School, London</b> Full academic scholarship (~£10,000pa). 4 A levels and 2 AS levels at A, and 11 GCSEs at A* (Top student of my year) Awarded Computer Studies Prize, Bishop's Prize for the best GCSE results, Computing Project Prize.
