

# 01 Mikael Gramont

I'm a Web Developer with over 12 years of experience, who enjoys working on the Front-end and the Back-end in both small and large codebases.

I take pride in delivering high-quality work, striving to meet the needs of product and design teams and most importantly the needs of their end-users.

Web standards, accessibility, performance and security are always on my mind.

## 02 Recently using

 Javascript  React

 NodeJS  PHP

 GraphQL  MySQL
