

You're interested in sponsoring the [Cloud Native London meetup](#)? Awesome! It's a great way to support the Kubernetes and cloud native community, and increase awareness amongst developers and DevOps engineers.

One-off sponsorship

Each sponsor contributes £600 (no VAT) per event, which covers catering for 200-300 attendees and speaker costs. Past event reports are available at [oicheryl.com/#meetup](#).

Your representative may do a 30 second introduction during the event, and I will include your company blurb in post-event emails to group members.

To send a speaker, please submit [oicheryl.com/cnl-speak](#).

Regular sponsorship

If you sponsor for six months or more, your company name and logo will be added at the bottom of [meetup.com/Cloud-Native-London](#). You may also share special offers or run raffles with prior permission.

Regular sponsors receive a recurring invoice/payment confirmation on the 15th of each month.

Payment options

Direct debit (regular sponsors only), bank transfer or credit/debit card.

Next steps

If you would like to proceed or have questions, please submit [oicheryl.com/cnl-sponsor](#) and we'll get in touch.

Cheers,
Cheryl Hung
