

Cheryl J Hung

A confident technical executive, I have built **globally distributed systems** as an **ex-Google software engineer** and led **multidisciplinary distributed teams**.

I speak frequently at meetups and conferences on container and cloud native technologies, and founded the Cloud Native London meetup.

I'm listed in "35 people in container tech you should be following" and shortlisted as a Future Star of Tech 2018.

2018 - present
London (remote)

Director of Ecosystem, Cloud Native Computing Foundation / Linux Foundation

I make Cloud Native end users successful.

2017 - 2018
London

Product and DevOps manager

I (and my team) make StorageOS users successful.

- Planning and leading launches 0.7 through to 1.0 / general availability and go to market strategy.
- Recruitment and line management of DevOps engineers to build, test and release the product
- Producing content for sales and marketing, and writing technical documentation
- End user outreach and support

2013 - 2015
New York

Technical program manager

Driving execution and delivery for Google Local Search UI across desktop and mobile web, Android and iOS.

2010 - 2013
London

Software engineer

C++ engineer on Google Maps, building location services, search and ranking infrastructure.

Detica

2010
London

Technical consultant, e-Borders

Providing data mining services to the UK Border Agency to understand the patterns of UK air, sea and rail passenger movement.

Community and public speaking

I am the CNCF Ambassador for London. I founded and run the Cloud Native London meetup (<https://www.meetup.com/Cloud-Native-London>), which has 2000 members and 200-300 monthly attendees.

I speak regularly on storage, cloud and containers; slides and video are available at oicheryl.com.

2018	Container Days, Hamburg Red Hat Summit, San Francisco Cloud Expo Europe , joint workshop with Rancher Day of Cloud Native, Oslo , workshop HashiCasts , podcast with Hashicorp	The Great Container Debate , moderator Virtual Strategy Magazine , interview CNCF Paris meetup The New Stack , published article
2017	KubeCon / CloudNativeCon North America 2017 , featured session Kubernetes London meetup Microservices Conference	ContainerSched Conference CloudNative Conference London Microservices User Group meetup

Education

 UNIVERSITY OF CAMBRIDGE 2013 Masters	University of Cambridge (King's College), Masters in Computer Science <i><u>Gesture-controlled Robotics using the Vicon Motion Capture System</u></i>
2006 - 2010 Bachelors	Undergraduate research associate in Department of Human-Computer Interaction , University of Cambridge Computer Lab
 1999 - 2006	Forest Girls' School, London 4 A levels and 2 AS levels at A, and 11 GCSEs at A* Full academic scholarship (~£10,000pa). Awarded Computer Studies Prize, Bishop's Prize for the best GCSE results, Computing Project Prize.
